

Map Assignment - From School to Home

Value: 10 marks

Due: In two classes

You have invited the class to a party at your house on Saturday, but most of us do not know where you live. We do know where the school is though, so this is a good starting point for us.

In this assignment, you are to create an easy to read and accurate sketch map of how to get to your house from Sutherland School. To make sure that you don't create a mob of frustrated and annoyed people for Monday, make sure that your map is a good one.

Be sure to be specific and precise. Indicate any landmarks that there are on route and make sure that you include any necessary details to ensure that we all arrive without difficulty.

Your map should:

- 1. Include your name in the top right hand corner.**
- 2. Have a title.**
- 3. Show us the best route to get to your home.**
- 4. Include symbols to represent landmarks.**
- 5. Indicate direction**
- 6. Include labels for streets and important features.**
- 7. Include a legend.**
- 8. Indicate a rough scale.**

This assignment will be marked on accuracy, appearance, and usefulness.
